

Subject: Please sign this petition

Sent on behalf of the BHS Access Department – many thanks for taking the time to read

Good afternoon,

The Government is under pressure from riding groups to equal the number of bridleways in the country (currently approx 20,000 miles) up to the same level as footpaths (approx 91,000) miles to help reduce horses on the road/accidents while promoting outdoor activity and safe use for all sexes and ages.

This will only happen if people sign the online petition. Please go to:
<http://epetitions.direct.gov.uk/petitions/15341> to sign and help get riders equal rights to walkers/ramblers.

We need to get to at least 100,000 signatures. There are 8061 signatories when sending this email, lets see the difference we can make. Please can you forward to any contacts you have and use in any publications you may be producing.

Many thanks,

Heather Clatworthy
